If you have any questions, please call us at 757-259-9850 or go to our website at www.vppsa.org

WE WILL NOT ACCEPT:

- X Oil and Antifreeze
- X Televisions
- X ALKALINE Batteries
- X Explosives
- X Compressed Gas Cylinders
- X Ammunition or Gun Powder
- X Household Trash
- X Business or Medical Waste
- X Radioactive Products
- X Large quantities of unknown materials
- X We do not have the ability to pump nor will we allow containers larger than 35 gallons

Household Chemical Collection

- Do not smoke
- Do not leave materials in hot, unventilated areas for long periods
- When possible, keep products in original container and ensure lids or caps are tight
- Place items securely in boxes for transport
- To prevent unfavorable chemical reactions, do not put multiple containers in bags or soft containers where they may spill or break
- If you have a leaking container, place this item separately in a clear plastic bag, with newspaper or paper towels on the bottom. Secure in an upright position so it doesn't spill in your vehicle. Please notify staff that the item is leaking.
- MXI is the premiere service provider for household hazardous waste collection events sponsored by states, counties, and municipalities and provides disposal services at the VPPSA events. With a fleet of permitted vehicles, national network of terminals, staff of highly trained personnel, and a Materials Recovery Facility, MXI offers a full range of recycling and disposal services using the cutting edge of universal hazardous waste management technology.

Computer Recycling

- Since 2001, our contractor, Computer Recycling of Virginia, has erased every hard drive using software that meets or exceeds all industry standards, including the NIST 800-88. Once the wipe process is complete, any hard drive that fails the wipe process is physically destroyed.
- The mission of Computer Recycling of Virginia, Inc. (CRVA) is to place educationally-useful equipment into Virginia's schools and non-profit organizations free of charge, while promoting electronics recycling throughout Virginia.

At the collection:

- A VPPSA employee will ask which city or county you live in, and what materials you've brought. Proof of residency may be required.
- Your vehicle will be unloaded for you. Stay in your vehicle unless requested to do otherwise.
- There are separate drop off points for household chemicals and computers.
- Be prepared to identify your materials. If unsure, tell staff before they begin unloading.

Thanks for your patience and cooperation.

What is VPPSA?

The Virginia Peninsulas Public Service Authority (VPPSA) is a regional governmental agency, providing solid waste management services to ten cities and counties. The member communities are Hampton, James City County, Poquoson, Williamsburg and York County on the Peninsula, and the counties of Essex, King William, King and Queen, Mathews and Middlesex on the Middle Peninsula.

VPPSA has been providing Household Chemical Collection services to the Middle Peninsula Communities since 2007, and to the Peninsula Communities since 1997.

On the Middle Peninsula, VPPSA provides solid waste and recycling services at 18 sites located throughout its member communities. VPPSA operates 14 of these sites, and has equipment and hauling responsibilities for the remaining sites. For details please go to VPPSA.org for specific community and site information.

The VPPSA Compost Facility at 145 Goodwin Neck Road, Yorktown has quality mulch and compost products available for purchase. The Compost Facility is open Monday—Saturday from 8am until 4pm. For more information call 757-898-5012.

For more information go to our website at www.vppsa.org or call us at 757-259-9850.
