King William County Looking to the Future

King William County officials are updating the long-range Comprehensive Plan for the County. The Plan, branded *Blueprint 2041*, will provide guidance for public investment and facilities, as well as important information, trends, and recommended policies and direction for making informed public decisions and managing future growth and land development. The Plan will consider existing conditions, challenges, and future needs for the County over the next 20 years and look at diverse topics including economic development, utilities, public safety, education, environment, historic properties, recreation, transportation, housing, and land use.

Blueprint 2041 is being coordinated by the County Planning Department and Planning Commission under the guidance of a Comprehensive Plan Committee appointed by the Board of Supervisors.

A project **Facebook Page** has been established to keep citizens informed of community meetings, project work, and important planning topics.

In addition, a **Citizen Survey** has been launched to engage residents and stakeholders in helping to plan for the future of the County. Please share with the project team your vision for the County, challenges for the future, and your ideas opportunities for growth and prosperity.

The survey link is posted on the Facebook Page and the County Webpage.

A Public Meeting to discuss the project and begin community outreach is scheduled for **Wednesday, May 26, at 7:00 PM** in the Board Meeting Room of the County Administration Center. The meeting also will be broadcast via Facebook Live. Hill Studio and Arnett Muldrow have been engaged to facilitate meetings and prepare the updated Comprehensive Plan.
