Department of Environmental Quality Technical Advisory Committee Meeting: Water Quality Study (TMDL) For The Mattaponi River And Tributaries

COMMUNITY MEETING: A community meeting will be held Wednesday, May 8, 2019 at 10:30 am at the King & Queen Branch Library Meeting Room, 396 Newtown Road, St. Stephen’s Church, VA 23148. This meeting will be open to the public and all are welcome to participate. In the case of inclement weather or other reason for postponement, an alternate meeting date is scheduled for Wednesday, May 15 at 10:30 am at the same location.

PURPOSE OF NOTICE: The Department of Environmental Quality (DEQ) and its contractors, Virginia Institute for Marine Science and Streams Tech, will discuss the development of a water quality study known as a Total Maximum Daily Load (TMDL) for a portion of the Mattaponi River and select tributaries located in southwest Essex, southeast Caroline, King and Queen, and King William Counties. This is an opportunity for local stakeholders to learn about the condition of these waters, share information about the area, and become involved in the process of local water quality improvement.

MEETING DESCRIPTION: A Technical Advisory Committee (TAC) will review the draft source assessment. A source assessment is a process that identifies and quantifies sources of bacteria throughout the watershed. Local stakeholders can join the TAC and provide input on the TMDL development. The TAC will incorporate feedback from localities and project partners, and review the project scope and schedule for the TMDL process.

DESCRIPTION OF STUDY: A TMDL is the total amount of a pollutant a water body can contain and still meet water quality standards. Section 303(d) of the Clean Water Act and §62.1-44.19:7.C of the Code of Virginia require DEQ to develop TMDLs for pollutants responsible for each impaired water contained in Virginia’s 303(d) TMDL Priority List and Report. Portions of the Mattaponi River and its tributaries are impaired for the “recreational use” designated use due to exceedances of the bacteria (E. Coli) water quality standard. The impaired tributaries within the project area include Herring Creek, Aylett Creek, Dogwood Fork, Dickeys Swamp, Market Swamp, Garnetts Creek, Courthouse Creek, and unnamed tributaries to Dickeys Swamp and Garnetts Creek. This water quality study will report on the sources of bacteria and recommend reductions to meet the TMDL for the impaired segments of the river and tributaries. To restore water quality in this portion of the Mattaponi River and select tributaries, bacteria levels will need to be reduced to the TMDL amount.

HOW TO COMMENT AND PARTICIPATE: The meetings of the TMDL process are open to the public and all interested parties are welcome. For more information, please contact:

Do you have a well or spring? What’s in your water?

The Virginia Household Water Quality Program aims to improve the water quality and health of Virginians with wells, springs and cisterns. We provide affordable water testing, help interpreting their water test results, and information about addressing problems.

How does it work?
Participants attend a short Kickoff Meeting, where they receive information about how to collect water samples and a sampling kit. Participants collect samples on a designated day and time and drop off at the sample collection point. Water is analyzed on the Virginia Tech campus for 14 parameters. Once analysis is complete, results are returned at a final meeting, water test results are explained, along with information about how to deal with any problems. If you are unable to attend the interpretation meeting, results will be mailed to you. All information is kept strictly confidential.

Testing includes:

Individuals who carry a Protective Order issued by King William JDR or King & Queen County JDR now have access to a new resource to assist them. The King William/King & Queen Hope Card Program is a new service made available to anyone with a final valid, long-term (12 months or more) order of protection for domestic violence, stalking, and/or sexual assault. Through funds from an Office of the Violence Against Women Act and a V-STOP grant, the HOPE Card Program allows individuals to request a wallet-sized card that summarizes the protective order's most important details. The HOPE card is intended as a more convenient way for people who have permanent Protective Orders to keep relevant information about their orders with them at all times. It is small and durable and can be easily carried in a wallet or purse. It is also a convenient for children to have access to relevant information about an order that protects them. HOPE cards are also an easy way to allow law enforcement to know there is a valid, permanent protective order in place and assists in safety by informing law enforcement about weapons involved in the incident resulting in a protective order. You may request one card per individual named on the protective order to, for example, be provided to a child’s school and after-school care program. Hope Cards are not issued based on temporary Orders of Protection.

For more information on the HOPE card or to request a form you can visit the King William County Juvenile and Domestic Relations District Court Clerk’s Office lobby or call King William/King & Queen Victim Witness Director, Robin Bostic, at 804-769-4159. The HOPE Card Project is funded in part under V-STOP grant #18-04141VA17 by the Virginia Department of Criminal Justice Services to the Office of the Executive Secretary, Supreme Court of Virginia, from funds authorized by the Violence Against Women Act and awarded to Virginia by the U.S. Department of Justice.

Transport from Regional Animal Shelter
20201 King William Rd. King William, VA 23086

**WOW! An additional $10 off the already low-cost surgery prices listed below for the May 2019 clinic!**

The Regional Animal Shelter and the Indian Rivers Humane Society have partnered with the Jessica Beath Clinic in Ashland. We are able to arrange low-cost, high quality spay/neuter surgeries for owned dogs and cats, and **FREE** transportation to and from their clinic.

**$10. Rabies Vaccinations are required at the time of surgery if your pet is not already vaccinated.**

Article 3.2-6521 of the Code of Virginia requires owners of dogs and cats 4 months or older to have the animal currently vaccinated against rabies by a licensed veterinarian.

For more information, and pre-registration, pet owners should call the Regional Animal Shelter Monday through Friday at 804-769-4983, 9:30 a.m. to 4 p.m.

Female dogs $85.00
Male dogs $75.00
Female cats $45.00
Male cats $35.00

*Ask us about other low-cost services that can be provided at the time of spay/neuter surgery.*

Spay/neuter prevents overpopulation which prevents euthanasia of surplus animals.

ADOPT A PET, SAVE THE GALAXY
What is it?

The King William Sheriff’s Citizens Academy consist of ten sessions held once a week. The instruction has been designed to incorporate an interactive format and provide the participants with a hands on experience whenever practical. The Academy is a great opportunity to learn more about what it takes to become a Deputy Sheriff. You’ll better understand and appreciate what a Deputy might encounter during a traffic stop, duí arrest or criminal investigation. Classes are held 6:30pm to 9:00pm every Thursday and two Saturdays during the Academy.

There is no cost for this program!

Who may attend?

The minimum age for enrollment is 21 and you must live or own a business in King William County.

Applicant must have no history of criminal behavior and pass a background check.

Class size is limited

Topics covered:

The Academy covers such diverse topics as the history of the Sheriff’s Office, 911 emergency communications, Court security, introduction to criminal law, patrol operations, traffic stops, DUÍ enforcement, criminal investigations, crime scene processing and forensics.

Training officers will be instructing on the usage of firearms and other weapons employed by Deputies. You will learn how officers are trained on the use of force and sometimes have to make split second decisions.

Participants will be given tours of both the historical courthouse as well as the current courthouse and sheriff’s office/ 911 dispatch center. Ride alongs are offered as well so you can ride with a Deputy on a real shift.

The Academy will conclude with a mock crime scene that will allow participants to use their new knowledge.

For more information:

If you are interested in attending the Citizens Academy applications are available at the Sheriff’s Office at 351 Courthouse Lane Suite 160 King William Virginia.

For further information or to have an application emailed to you contact Captain J.R. Nester at 804-769-0999 or kwsocapt@kingwilliamcounty.us.

APPLICATIONS ARE DUE BY MARCH 1st 2019
